

Lafayette, IN, Station

Temporary Closure of Elevators & Pedestrian Bridge

Elevator Closure: Effective through June 11, 2015

Pedestrian Bridge Closure: Effective April 27 through June 11

Improvements are being made to the pedestrian bridge and elevators connecting the Amtrak lobby located in the Lafayette station on the east side of the tracks to the boarding platform on the west side.

The elevators will be closed through June 11, 2015. The pedestrian bridge, along with the stairways and elevators serving it, will be closed from April 27, 2015 through June 11, 2015. The dates are subject to adjustment due to construction activities; signs displaying current information will be posted at the station and the boarding platform. Please refer to the [accompanying map](#) when reviewing the information below.

Boarding Platform Access from April 27 through June 11

During the pedestrian bridge closure, a free accessible shuttle bus service will serve all passengers for both the morning and evening trains. For departures, buses will be available at the station for the short trip to the drop-off location at Tapawingo Drive in West Lafayette near the west end of the Myers Pedestrian Bridge. From there, passengers should cross the Myers Pedestrian Bridge and descend to the boarding platform via the stairway; alternately, this descent may be via the ramp (prior to the elevator re-opening) or the elevator (during ramp closure).

Passengers wishing to access the boarding platform directly from the west without using the amenities available at the station may park in West Lafayette and access the boarding platform as described above.

Arriving passengers should exit the boarding platform and proceed west across the Myers Pedestrian Bridge to Tapawingo Drive. From there, passengers can board the shuttle for a ride to the station parking lot, or may proceed to parking in West Lafayette. A pedestrian path to the station is also available and follows the sidewalk south along Tapawingo Drive, east across the Columbia Street / State Street Bridge, and north along Second Street.

The shuttle service will be available daily from 7:00 a.m. until 8:30 a.m. and from 9:30 p.m. until 11:00 p.m. Passengers planning their arrival at the station should allow extra time for use of this service.

Parking From April 27 through June 11

During the pedestrian bridge closure, passengers using the shuttle service can park at the station. Passengers wishing to access the platform directly from the west can park at Tapawingo Park in West Lafayette. For parking outside of normal park hours, a permit must be obtained from the Lafayette City Clerk's office at 20 N. 6th Street and displayed in the vehicle window.

Station Services

Please note that there are no ticket services, indoor waiting areas or restrooms located on the west side of the tracks. Covered outdoor seating is available on the boarding platform.

We appreciate your patronage and apologize for any inconvenience you may experience. Reservation and train status information is available on Amtrak.com, our free mobile apps and at 1-800-USA-RAIL (1-800-872-7245). Thank you for choosing Amtrak.
